

Floodlight

ARC Series 250W / 400W

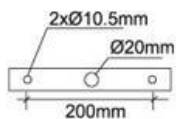

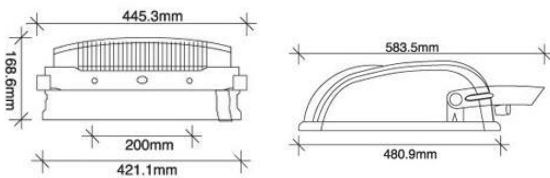

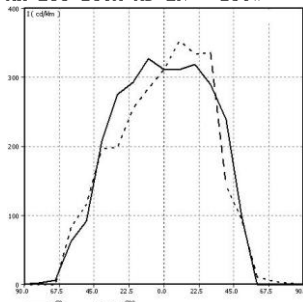

High quality performance floodlight with PAK's patented arc design. Comes in different combinations of lamp types and beam angles to suit a variety of applications.

Features

- High pressure die-cast aluminium housing
- Grey polyester powder coated finish
- 5mm toughened glass cover with 4 clip safety hinge system, easy installation and maintenance
- High purity anodised aluminium reflector system with over 99% reflectivity
- Two light distribution options
- U-shape galvanised steel mounting bracket
- Adjustable angle
- IP65

Technical Data

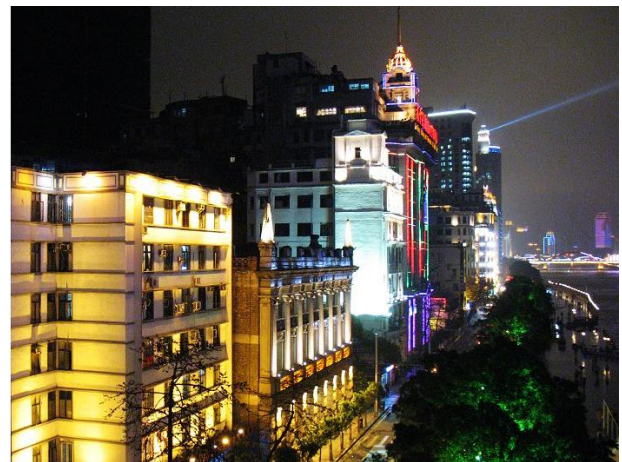

PAK-L83-250A-AD-LN - 250W

E40

Applications

- Facade , Sporting venues, Industrial sites, Car parks, etc

Model	Lamp Type	Lamp Holder	Weight(Kg)	Dimension(mm)	Light Distribution
