

Floodlight

ARC Series 70W / 150W

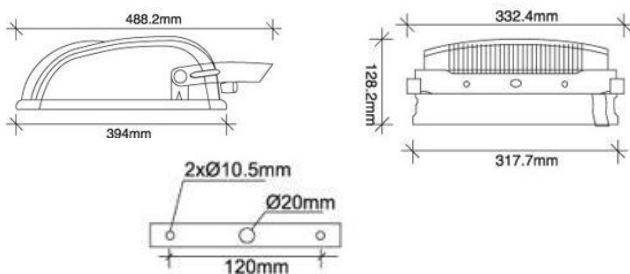

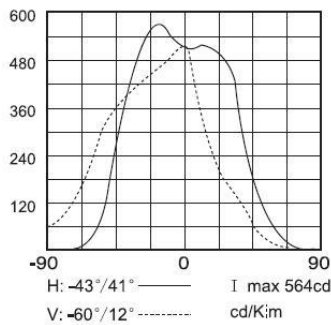

High quality performance floodlight with PAK's patented arc design. Comes in different combinations of lamp types and beam angles to suit a variety of applications.

Features

- High pressure die-cast aluminium housing
- Grey polyester powder coated finish
- 5mm toughened glass cover with 4 clip safety hinge system, easy installation and maintenance
- High purity anodised aluminium reflector system with over 99% reflectivity
- Two light distribution options
- U-shape galvanised steel mounting bracket
- Adjustable angle
- IP65

Technical Data

PAK-L83-070A-AF-LN - 70W

Applications

- Facade , Sporting venues, Industrial sites, Car parks, etc
