

Floodlight

Silver Series 70W 150W

High quality performance floodlight. Comes in different combinations of lamp types and beam angles to suit a variety of applications.

Features

- High pressure die-cast aluminium housing
- Patented compact design, integrates well with modern architectural demands.
- 2 Piece Die-cast aluminium housing
- Attractive durable polyester coated finish
- Adjustable square-styled reflector system
- High purity anodised aluminium reflector, effectively improve reflectivity
- Specialised heat diffusion system
- Symmetrical and asymmetrical light distribution systems
- Stainless Steel screw-fixed front cover structure
- High intensity toughened glass, excellent light penetration
- IP65
- Use with PAK HID electronic ballast for prolonged lamp life and higher light efficiency.
- Various lamp options (MH/HPS) 70W/150W

Applications

- Outdoor car park, facade, area, dark sky
